THE BEAUTY OF FUSION

In architecture and design, every element has a role in delivering on the vision for a space... for creating a cohesive look that captures the very essence of that space. Door hardware should become part of the architectural style and design in a very natural way.

That’s the beauty of Fusion.

Fusion offers an extensive collection of door hardware that can be integrated into a vast array of rooms, homes and spaces. Custom-designed and built-to-order, each piece innately conveys the vision for a space. Every Fusion product—carefully crafted and assembled by hand—harmonizes with its design landscape to provide the appropriate balance between decorative appeal and functional ease.

THE FUSION DIFFERENCE

At Fusion, we take as much pride in creating quality customer experiences as we do in designing beautiful products. Just as we carefully craft each piece with precision, we have created a customer experience that’s unparalleled—one that is as unique as the space being designed.

The Fusion team is always accessible to work directly with you to identify the door hardware you need, or assist you in creating the one you’ve envisioned down to the exact design, finish and function. Once you place your order, the Fusion team will work quickly to deliver the product in a timely fashion.

- ...High-quality door hardware that perfectly reflects each unique space
- ...The personal touch in customer service
- ...Quick fulfillment to meet your design timelines

All fused together into a single offering. That’s the beauty of Fusion.

For more information, contact us at 877-215-4683.

THE FUSION STANDARDS GUIDE

	LATCHES	LATCH FACES & STRIKE PLATE	DOOR THICKNESS
Standard	2 3/8" Backset latch	Square corner faceplates and strike	Passage/Privacy: 1-1/4" - 2"
Options (Please Specify)	2 3/4" Backset latch 2 3/8" 28 Degree Steel Latch 2 3/4" 28 Degree Steel Latch 2 3/8" Drive-in 2 3/4" Drive-in	Radius Corner Faceplate and Strike Extended Lip Strike—Square Corner T-Strike—Square Corner	Handlesets: 1-3/4" - 2"

LEVER HANDING

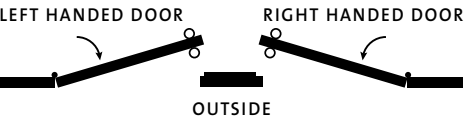

With Fusion’s Premium positive stop lever assembly ALL LEVERS require handing. Fusion’s reversible latch bolt eliminates the need for “swing” specification. Simply determine handing from the exterior of the installation as noted below.

PLEASE SPECIFY HANDING FOR ALL LEVERS.

Handing of all doors is determined from the exterior of the room’s entrance.

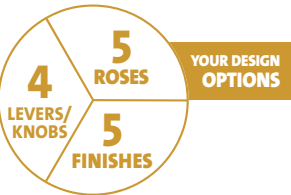

- If the hinge is on the left side of the door, the door is “left hand” (L)
- If the hinge is on the right side of the door, the door is “right hand” (R)
- To order a handed product, please specify L or R. All levers require handing.
- To order a handleset, handing is still determined from the exterior of the door. We will use that information to determine the handing for the inside of the door.

LEVER HANDING DIAGRAM

HOW TO ORDER OUR LOCK SETS

When you see the Fusion Mix and Match Button, feel free to select any knob or lever shown on the page and mate it with any rose shown on the page. The button lets you know how many knobs/levers, roses and finishes you have to choose from. **Design your own unique look!**

PART NUMBER BUILDER EXAMPLE:

Simply note the knob or lever you selected along with your rose and finish choices. Then note your desired Function (passage, privacy, etc.). Note the configuration (standard fullset, split finish, etc.) and you’re ready to go! If you picked a lever, be sure to let us know the door handing as noted above.

ORDER EXAMPLE:

RIVER ROCK

SANDCAST BRONZE

AVAILABLE FINISHES:
DKB - DARK BRONZE,
MXB - MEDIUM BRONZE

DIMENSIONS:
17- 1/2" x 3"
LIST PRICE:
\$498

Drawing from the natural beauty of earthen elements, River Rock offers the unique styling of hand cast components to complete a strong yet tranquil visual. River Rock is crafted with artisan grade silicate bronze, composed of 96% copper to achieve timeless wear, classic aging and legendary performance. Much like the classic sculptures that endure the ages, artisan bronze provides a lasting impression for generations.

FUSION

CUSTOM SHOP

Fusion Custom Shop gives you the opportunity to leverage our vast expertise in “Combining the Elements for Powerful Design”. Our portfolio of Old World and Modern Day conversion technologies coupled with our knowledge of design, detail, finish and architectural hardware provides endless possibilities for that signature project or hardware piece.

CUSTOM SHOP CAN BE UTILIZED ACROSS SEVERAL AREAS OF FUSION EXPERTISE:

- Specialty Finish
- Custom Design and Tooling
- Stylized Logo & Insignia Marking
- Specialty Functions or Applications

Sonoma Leverset in
Antique Pewter Finish

SPECIALTY FINISH

Fusion offers “Specialty Finishes”, which includes applying standard Fusion finishes to items that are not available in that particular finish, and matching non-Fusion finishes. We can even produce a special finish to meet a requirement. Examples of these non-Fusion finishes include: Polished Nickel, Black Chrome, Antique Brass and Bronze, as well as custom matching.

CUSTOM DESIGN AND TOOLING

For that special and unique residence, or Corporate Signature presence, we work with your design team on custom signature pieces to complete the overall presentation. With conversion technologies ranging from old world sand-casting to high-tech CNC machining, we can guide you through cost effective tool development, technical run and final finishing touches for that ultimate hardware statement.

STYLIZED LOGO & INSIGNIA ETCHING

Our capabilities for custom etching covers a broad range of materials and formats that can apply to glass, brass, bronze and stainless steel. Corporate Logos, Fraternal or Sorority Organizations, Custom Keys or personal “Coat of Arms” are just a few of the areas where we can customize standard items into unique design and signature pieces for your project or signature presence.

Custom Logo Keys

Monogrammed Plates & Roses

Etched Glass Knobs

SPECIALTY FUNCTIONS AND APPLICATIONS

Our engineering teams are experts in problem solving for that special application you may require. Just because a unique function is not in the standard Fusion offering does not mean it cannot be made. Special backsets, back to back grips, door thicknesses beyond 2”, special double cylinder applications and trim requirements are just a few areas we find ways to meet your requirements every day.

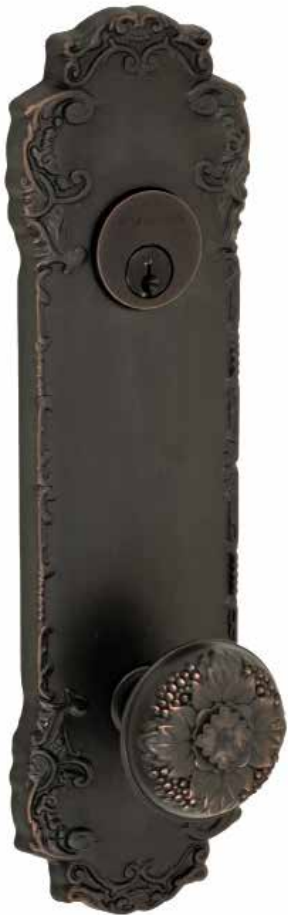

Each Custom Shop application covers a wide variety of options and opportunities. Quantity, Budget and Timeline will vary upon the size and sophistication of the requirement. If one of our over 50,000 standard “quick custom” items does not meet your need – custom shop may be for you. Contact Fusion Customer Service for your Custom Project Outline.

DEADBOLTS

Deadbolt Configuration Options

Fusion Deadbolts are available in four different configurations, each one having a specific application.

- 100 – Our standard “Single Cylinder” configuration includes an exterior side key cylinder, and an interior side thumbturn.
- 200 – Our “Double Cylinder” configuration for applications requiring security on both sides of the door. Includes a key cylinder on both the exterior and interior sides. Always consider a Fusion Holiday Safety Key when selecting this configuration.
- 300 – Our single sided deadbolt option is perfect for those applications where the exterior of the door does not require keyed access, while having a functional deadbolt with a thumbturn on the interior side. There is no hardware provided for the exterior side of the door, and the interior side has a fully functional thumbturn. *NOTE: This configuration assumes the door has not been prepped for a traditional deadbolt. If the door has already been prepped, consider the 400 configuration.*
- 400 – Our single sided dummy exterior option works perfect when the door has already been prepped for a deadbolt, and there is no requirement for keyed access on the exterior side. Looks exactly like our 100 deadbolt configuration on the exterior side, except there is no keyhole or cylinder. The interior side has a fully functional thumbturn.

Fusion Holiday Safety Key

Fusion recommends a Holiday Key for use on all Double-Deadbolts. This clever little key-turn is designed for use on the interior side of the double-deadbolt when you are home. This provides quick and safe exit in case of fire or an emergency when the door is locked. Before you leave and lock up the house, just take the Holiday Key out of the cylinder and stash it in a safe place until you return! It's the best of both worlds; the security of a Double-Deadbolt when you're away and the convenience & safety of a standard Deadbolt when you're home!

TERMS AND CONDITIONS OF SALE

Fusion Hardware Group is an established design company providing high-quality architectural hardware products. With an expansive range of styles and finishes, we can support a broad spectrum of interior design concepts.

GENERAL TERMS AND CONDITIONS

- 48 hour shipping lead-time is standard - add 24 hours for specialty keying
- Limited Lifetime Warranty on finish and mechanical

PRICING AND FREIGHT

All prices include parcel methods of standard ground shipping (UPS, FedEx, Etc.). When Overnight or 2nd Day Delivery is requested, full shipping charges are the buyers responsibility. Shipping method is at the discretion of Fusion. Prices are subject to change without notice. Prices prevailing at time of accepted order. All orders of less than \$50 net will be subject to a handling fee of \$10. Residential drop ship orders are subject to a 10% up-charge, based on the total value of the order.

FREIGHT RESPONSIBILITY & POSSIBLE SHIPPING CLAIMS

All products are shipped and invoiced EXW (EX Works) from our distribution center in Suwanee, Georgia. Title and risk of loss or damage pass to invoiced party upon our transfer of product to carrier. Any special requests or shipping methods that bear additional charges are the responsibility of the invoiced party. Shipping/Delivery schedules are estimates only and cannot be guaranteed. We are not liable for any delays in shipments.

DEALER REPRESENTATION

Dealers are expected to represent the Fusion product line fairly and accurately to the consumer. Fusion Hardware requires all active dealer accounts to have physical display presence (showroom) for customer selections.

MINIMUM ADVERTISED PRICING POLICY (MAP)

Although Fusion Hardware Group cannot legally control the final sales price between buyer and seller, our policy does not permit advertised discounting of published list prices beyond 20%.

INTERNET MINIMUM ADVERTISED PRICING POLICY (IMAP)

Internet sales of Fusion Hardware products are closely monitored for adherence to current MAP policy, which does not permit advertised discounting of published list prices beyond 20%. Infractions will be answered by direct and immediate notification, including written documentation. Fusion Hardware dealers that do not respect the iMAP policy may be in jeopardy of losing the Fusion Hardware line.

THE FOLLOWING WILL ALSO BE TREATED AS VIOLATIONS OF THE IMAP:

- Internet sites that implement the “click on” or “click through” feature in order to communicate any additional automated discounts or price concessions will be in violation of the Fusion Hardware iMAP.
- The use of any incentives, ‘give-aways” coupons, rebates, promotions in any advertising by a dealer where the effect is to reduce the price of any Fusion Hardware product under the published MAP.

ORDERS ARE BINDING UPON RECEIPT BY FUSION FOR ALL PURCHASES

All orders are deemed binding upon our receipt and acceptance and as such each order is expressly subject to and conditioned on your assent to the terms and conditions of sale. Assent occurs when no written retraction or objection to the terms and conditions occurs within 48 hours of our receipt of order. No other terms or conditions shall apply.

PAYMENT TERMS

All sales are net 30 on established credit. Invoices not paid in full within 30 days of invoice date shall incur a service charge of 1.5% per month for each month or fraction thereof (or the maximum rate permitted by law) until paid in full. No orders will ship to accounts that have past due

balances or outstanding balances until paid in full. Payments with Credit Cards will be assessed a 3% convenience fee.

RETURN OF PRODUCTS

No product can be returned to Fusion without prior approval. We will provide a factory Return Merchandise Authorization (RMA) number that must accompany the product return, and be clearly posted on the face of the package. Fusion is not responsible for return freight unless the product was shipped in error. Credit or replacement will be given if Fusion determines that the product is defective or was shipped in error. Authorized returns for product that is neither defective nor shipped in error are subject to a 25% restocking fee. Returns accepted after 90 days and prior to 6 months are subject to a 40% restocking fee. No returns accepted after 6 months from invoice date. Only authorized returns received in good, re-sellable condition are for credit.

CHANGES OR CANCELLATIONS

All orders ship within two business days of receipt by Fusion, assuming no questions regarding the specifics of the order exist. We will contact you immediately with any questions about the order. After we receive your response with clarification, order will ship within two business days.

Any item additions, quantity changes or specification changes made to accepted orders will generate a new acknowledgment for the entire order and may generate a new scheduled shipment date.

LIFETIME LIMITED WARRANTIES

Fusion Hardware Group warrants that there shall be no defects in workmanship, materials, or operation of our product for the lifetime of the original owner. Fusion, at its discretion, will repair or replace the defective components or products and return to the purchaser.

The finish warranty is a limited lifetime for all Fusion finishes. Appearance will be affected by normal use and operation. These changes are considered normal and are conditions of use. Finish warranty replacements are limited to one replacement over the life of the installation.

Neither such warranty shall apply to subsequent owners, or for defects due to improper installation, acts of God, fire or casualty or failure to exercise normal maintenance, for the consequences of uses for which products were not designated or the finish defects caused by the use of paints, solvents or other chemicals which come in contact with the products. If we determine the product was misused or improperly installed the costs of repair or replacement of the components or products will be the responsibility of the purchaser.

The Company’s maximum liability hereunder is limited to the purchase price of the product. Fusion shall not be responsible for any costs incurred for the removal or reinstallation of any products covered by these warranties.

EACH OF THESE LIMITED WARRANTIES IS EXPRESSLY IN LIEU OF ALL OTHER EXPRESS WARRANTIES MADE TO YOU OR THE CUSTOMER. IMPLIED WARRANTIES SHALL BE LIMITED TO THE DURATION OF EACH EXPRESS WARRANTY PERIOD.

WE SHALL UNDER NO CIRCUMSTANCES BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL LOSS OR DAMAGES RESULTING FROM THE USE OF A PRODUCT.

This warranty gives specific legal rights and a buyer may have other rights that may vary from state to state.

All purchases of Fusion Goods shall be governed by the laws of the State of Georgia, including the Uniform Commercial Code as in effect on the date of the purchase. The purchaser of the Goods agrees that any proceeding brought in connection with the purchase of the Goods shall be brought in any court of competent jurisdiction in Georgia.
